

The **BedandBreakfast** Mare Blu is located in North-East of **Sicily** , in the charming village of Gioiosa Marea in front of Aeolian islands.

We are at 200 metres from the sea, and just two steps from the center of the city, just one minute walking from bars, restaurants, banks and all the most important services. The Rail Station is located just 400 mt from our B&B.

The structure is built on two floors:

The first one is composed by 2 mini-apartment for 3 - 4 person ideal for family, one single room with private bathrooms, a great kitchen, a big living room where there is television and a computer with web connection, all available for the guests.

The second floor is composed by four double rooms with private bathroom, and a big kitchen available for the guests and a big terrace where guests could have the breakfast.

In all our rooms there is air conditioned, heating, private bathroom, Sat TV and frigobar. The bathrooms are fully equipped by hairdryer and all other facilities.

As said before, in all rooms there is fast internet connection both wi-fi and Lan free of charge for our guests. At last but not less important, the rooms face a private road where cars don't pass. The B&B is tastefully decorated and totally renovated on June 2011. We are open all year: for the winter season heating is free of charge in all the structure.

We are in good standing about the rules of the B&B in Sicily, we have a regular authorization from Messina's AApt. (azienda autonoma per lo sviluppo turistico)
